

NSE **TRAINING** **CALENDER** **2026**

► In Person Trainings

Our Masterclass refers to standout, customized, broadly practical capacity development programs, facilitated by senior corporate leaders who are considered highly experienced in their areas of expertise and therefore participation in this sessions provides a unique opportunity to enhance ones skills that should have far-reaching impact on self and the sponsoring institution.

The masterclass offering comes in two offerings; general offering and customized company/institution specific offering, where general offering, presents a general industry view of the concepts while company specific is a customized offering structured after an in-depth review and analysis of individual company standard and process of respective concepts

Financial Literacy For High Schools

The financial literacy for High school students program equips young investors with essential knowledge for a secure financial future. The program empowers students to navigate the complex world of finance. We provide valuable resources to kickstart their financial journey and delve into specific investment vehicles like money market funds, bonds, equities, real estate investment trusts, and exchange-traded funds. The program concludes with an enriching exchange visit and a graduation ceremony, celebrating their newfound financial acumen.
